“

Our son is loving his lessons! Your instructors are amazing! They are caring, patient, and clearly love what they do! I grew up riding, but never owned my own horse so I couldn't do any shows. I can't thank your association and instructors enough that you make that possible for children who don't own their own horse! Your staff puts a lot of extra time and effort in to make that happen and it is certainly appreciated! We love Ivey Ranch and are so thankful this small piece of heaven is in our backyard!
