You may have seen some new improvements around the ranch. There were several community service projects completed in the past six weeks and we would like to thank Corey Nasfell and the ladies and gentlemen from the Naval Medical Operational Training Center (NMOTC) and the Naval Expeditionary Medical Training Institute (NEMTI) for having a hand in our new cross ties, the sensory wall, and over 4,500 sq. feet of weeding!

Go Navy!

Shout Outs

Tri-City Christian

Tri -City Christian was here participating in several community service projects around the ranch. Take a look

online through Amazon as a donation and delivered directly to the Ranch!

Thank you for your support!

We collect old print toners and print cartridges. Bring your donations to either the barn office or daycare.

Grant McDonald

As part of his National Honor Society commitment, Grant and several of his family and friends spent two separate Saturday mornings with us creating, building, and painting. Make sure and check out the new additions to the Sensory Track - it all looks amazing and our riders are having a great time with all the new sensory stations.

Instructor Christina Paad

If it's painted, decorated, or organized - chances are Christina had a hand in it. Christina has a gift for visualizing and bringing it all to life. She has also had the support of two of our top volunteers - Samantha and Amanda Chico - all three volunteering countless hours to bring it all to fruition. Great staff and volunteers are what make us so successful - thank you to Christina for doing such a fantastic job!

Thank you!

- ROTC day of Service -

A special thank you to Board Member Laurie Schmelzer for coordinating with 1st Sgt Angel Martinez in the

coordination of CSUSM ROTC cadets for a day of service. Lots of helping hands, scrub brushes, paint brushes and three years of great attitudes and service. Thank you ladies and gentlemen for your continued service to the ranch and all it's participants!

Cal State University San Marcos STEM Fair

We are always out in the community connecting with potential clients, volunteers, and donors. CSUSM's STEM Fair was a great opportunity for us to share more about the human and therapy horse connection through a variety of activities and displays. Thanks to those who helped in our booth as well as to those who stopped by and said hello! There were over 8,500 people in attendance that day and we had the chance to share all about the health and wellness of horses and their benefit to our riders. If you didn't make it this year, make sure to check it out for next year.
