Rhynard Family Foundation

You may recognize the name - here is why

As you may know, Ivey Ranch Park has shared a progressive relationship with the Rhynard Family Foundation since 2009. Their investments have allowed us to expand our physical premises, increase the number of clients we serve, and offer a Horses for Heroes program to our Veteran population wanting to heal, re-integrate, and progress through equine therapy.

Now, as we step forward to improve our existing facilities, the Rhynard Family Foundation has stepped up to match the County of San Diego's Neighborhood Reinvestment Program Grant of \$40,000. They have contributed \$40,000 towards the \$105,000 project. We are now almost there.

We are in the final steps of the new tack and feed room and the construction of the hay barn. The engineered plans have been submitted to the City of Oceanside for permits and manufacturing of the buildings will proceed so that we can show you the new buildings at our Open House/Exhibition Fundraiser on November 5, 2016. Are you in a position to help us finish the project? We are looking to raise the final \$25,000 through our friends, families, and volunteers within the next 8 weeks. Every dollar helps so please:

Thank you Girl Scouts!

A couple of amazing Girl Scouts came together to complete a project for their Silver Award. The Sensory Trail at Ivey Ranch is now a little bit prettier thanks to the efforts of Julia Gowland and her dad, George, and Alexandra Fraikin and her mom, Amy. Thanks to the businesses and families who supported these awesome young ladies in their work.

Our After-School Program is in need of some updated technology

Do you have an I-pad or Tablet that isn't being used? We would love to have it! We are looking to load some fun and educational applications for the benefit of our techi kids!
