*I am so thankful for the love and care Ivey Ranch and all the staff, past and present have shown my daughter! Ivey Ranch made it possible for me to work full time and know my child was being cared for. For that you may never know how much impact that has made in our lives after moving here alone post-divorce! I will always carry fond memories and I know Samantha will too. I'm sure she'll want to stop by and check on the place sometime soon. Thanks again for all the care, kindness and great job working with these special kids! Best regards!!*
