Ivey Ranch Park Association (IRPA) is a non-profit organization that provides recreational and educational programs for individuals with and without special needs, of all ages.

- We serve, but are not limited to, adults and children with and without special needs, at-risk youth, low-income families, and Veterans/Wounded Warriors in North San Diego County.
- Our programs include on-site care, in-home care and equine assisted activities.
- Over 200 individuals a week participate in our 10 programs. IRPA is the only recognizable organization serving this segment of the population in the recreational and educational fields.

All event proceeds will go directly to our programs. The local, state, and federal governments do not fund our organization, so we depend on the generosity of good-hearted people like you to make a difference.
