

TAILORED DAY SERVICES

This program is available to the participant through San Diego Regional Center or private pay.

Our Tailored Day Services offers 1:1 support and supervision for customized learning opportunities to increase integration, inclusion, and interaction in the community.

This program assists adults with special needs in onsite and offsite settings.

- On-site participants have the opportunity to gain experience in the following areas: exposure to and assisting with horses, barn and grounds maintenance, gardening, staff support skills, basic computer and office skills, and more.
- Off-site participants have support with post-secondary education, employment readiness, socialization and recreation, and independent living skills.

This program is available to eligible participants through the Regional Center or through private-pay enrollment.
